Hi John,

Yes, I made revisions to the slides yesterday based on what Chad had sent me. See attached.

I'll work through your comments today and let you know if I have any questions. Are you still in DC? What's the best way to reach you if I have any questions?

Thanks for providing feedback,
Jason

Hi Everyone,

By now I am sure you are aware, you have been invited to a briefing with Tom Burke on July 2nd. This briefing has two purposes, which is why all of you have been invited

Deliberative Process / Ex. 5

In saying all of this we don't envision each of you providing comment on the entire presentation (although you are more than welcome to), but the individual sections most important to you (i.e., Part 1 for OAQPS, and Part 2 for OTAQ). Could you please provide any comments you may have back to me by **Tuesday, June 16th**? This will give me enough time to make any edits and get the presentation up to Tom a few days prior to the briefing.

Thanks in advance, and don't hesitate to contact me if you have any questions.

Jason
